Festive Decorating TIPS

from Lisa Frost

Here's a fun centerpiece idea! Grab a clear glass bowl fill it with faux snow and a special ornament, or non-lit candle, and top it with a funky jumbo ornament. Finish the look with globe ornaments strung from your chandelier. Ta-da!

At our house we display all of the cards that we receive on shiny satin ribbons. It's so easy and simple! I tie a bow around my curtain rod with a 1" satin ribbon. I leave one tail of the ribbon long enough to touch

the floor. I let it fall and then staple the cards to the ribbon as I receive them.
